

**NATIONAL COUNCIL FOR ATTESTATION OF ACADEMIC TITLES,
DIPLOMAS AND CERTIFICATES**

REPORT OF THE HABILITATION BOARD (03 March 2014)

Name and first name of the candidate: Raul Dan ZAHARIA

Title of the habilitation thesis/main research directions:

Fire design of civil engineering structures/

Fire design of civil engineering structures, Design assisted by testing

Field of doctoral studies: (in which, the quality of Ph.D. Supervisor will be awarded):

Civil Engineering

Name of the organizing institution for doctoral studies (IOSUD in Romanian) where the public presentation of the thesis is being held: Politehnica University Timisoara

Strong features of the habilitation thesis:

1. The thesis is dedicated to a topic less familiar in structural engineering, especially in Romania
2. The author proved a very high standard comparable to the international level
3. The author shows great ability in attracting research funding at both national and European level

Weak features of the habilitation thesis:

1. The presentation was focused on the European practice. A wider view at the world level might be recommended

Results of the vote / remarks/ conclusions of the Habilitation Board are motivated further.

Results of the vote regarding the acceptance of the habilitation thesis following the public presentation:

Number of votes AGREE 3 Number of votes DON'T AGREE 0

Remarks / Conclusions of the board:

The habilitation board agree to award the habilitation title to the candidate in the field Civil Engineering.

Habilitation Board:

Name and first name
