

LISTA LUCRĂRILOR

Ing. Florin Prutianu

- [1] F. Prutianu, V. Popescu – “Control of single phase inverters for wind energy conversion using PWM techniques”, 9th International Symposium on Electronics and Telecommunications (ISETC), Romania, vol.1, pp. 95-99, November 2010
- [2] F. Prutianu, I.M. Pop-Calimanu, V. Popescu – „Power factor correction inductor design from a wind turbine boost converter“, Journal of Electrical and Electronics Engineering, Ed. University of Oradea Publisher, Oradea, Romania, Vol4, Nr.1, pp 199 -203, Mai 2011
- [3] I.M. Pop-Calimanu, F. Prutianu, V. Popescu – “Boost converter used in Energy solar systems”, Journal of Electrical and Electronics Engineering, Ed. University of Oradea Publisher, Oradea, Romania, Vol4, Nr.1, pp 199 -203, Mai 2011
- [4] F. Prutianu, V. Popescu – “LeCroy & Tektronix Oscilloscopes remotely controlled with LabView drivers on LAN/GPIB communication protocol”, University of Oradea Publisher, Vol. 5, Number 1, pp. 207-211, May 2012
- [5] F. Prutianu, V. Popescu, D. Lascu – “Automated testing system for CAN communication circuit”, Stefan cel Mare University of Suceava Publishing House, vol. 12, Number 2, pp. 69-75, May 2012
- [6] F. Prutianu, Pop-Calimanu Ioana-Monica, Viorel Popescu – “Semi Automated power supply efficiency measuring system”, 10th International Symposium on Electronics and Telecommunications (ISETC), pp. 45-49, November 2012
- [7] F. Prutianu, Pop-Calimanu Ioana-Monica, Viorel Popescu – “Validation system for power supply module part of automotive ECUs”, 10th International Symposium on Electronics and Telecommunications (ISETC), pp. 75-79, November 2012
- [8] Pop-Calimanu Ioana-Monica, F. Prutianu, Viorel Popescu – “Design and Simulation of DC/DC Boost Converter used for a Distributed Sensing System Based on a Multidrop Sensor Network with RS485 Interface”, 10th International Symposium on Electronics and Telecommunications (ISETC), pp. 79-83, November 2012
