

REFEREEING PROCEDURE
for the
BULETINUL ȘTIINȚIFIC
al
Universității „Politehnica” din Timișoara, România
Seria MATEMATICĂ – FIZICĂ

All manuscript submitted for publication in **BULETINUL ȘTIINȚIFIC al Universității „Politehnica” din Timișoara, România, Seria MATEMATICĂ – FIZICĂ (Bul St UPT M-F)** will be refereed independently by two referees.

Authors may suggest several (at least three) referees, Romanian or foreign, capable to assess their paper.

The refereeing procedure consists in a carefully reading of the manuscript, in order to answer with Yes or No to the following points:

- Is the topic for the article suitable for publication in Bul St UPT M-F?
- Is the article original with new results?
- Is the article well organized and clearly written?
- Is the title of article appropriate?
- Are the abstract and keywords appropriate?
- Is the quality of illustrations and tables adequate?
- Are the conclusions relevant?

Based on these points, the referees will formulate their conclusions as well: Recommendations regarding the above manuscript to publish it in Bul St UPT M-F (Yes or No):

- As is;
- With minor revisions;
- With major revisions;
- To reject this manuscript;
- To recommend this manuscript for another journal.

If the manuscript needs some revisions, the referee's comments will be communicated to the authors, in order to improve their manuscript.

The rejected manuscript will not be returned to authors.
