

THE FACULTY OF CIVIL ENGINEERING

COMPETENCES OF UPT GRADUATE IN:

Fundamental domain: Engineering Sciences

Master's degree study programme:

„CADASTRE AND THE EVALUATION OF IMMOVABLES”

(Master's study field: GEODETIC ENGINEERING)

Nr. crt.	Competences
C1	Implementation and management of geodetic networks, global navigation satellite technologies and terrain modelling
C2	Technical assistance for complex engineering projects
C3	Design, execution and maintenance activities for geodetic and cadastral works
C4	Research and development activities in geodetic engineering and real estate evaluation
