

THE FACULTY OF CIVIL ENGINEERING

COMPETENCES OF UPT GRADUATE IN:

Fundamental domain: Engineering Sciences

Master's degree study programme:

„SUSTAINABILITY: ENERGETIC AUDIT AND FIRE PROTECTION IN BUILDINGS”

(Master's study field: CIVIL ENGINEERING AND BUILDING SERVICES)

| Nr. crt. | Competences |
|----------|--|
| C1 | Activities for project evaluation and thermal insulation and fire safety building design |
| C2 | Activities for thermal building expertise and energetic building audit |
| C3 | Activities for onsite execution and maintenance in the energy and fire safety construction savings |
| C4 | Activities for research, construction development, in the energy and fire safety construction |
