

THE FACULTY OF MECHANICAL ENGINEERING

COMPETENCES OF UPT GRADUATE IN:

Fundamental domain: Engineering Sciences

Master's degree study programme:

„QUALITY ENGINEERING IN MECHATRONICS AND ROBOTICS”

(Master's study field: Mechatronics and robotics)

Nr. crt.	Competences
C1	Deepening of knowledge in mathematics, CAD and mechatronic systems dynamics.
C2	Capabilities in the field of quality management.
C3	Capabilities for analyzing and testing the performances of mechatronic systems.
C4	Capabilities in the field of design and quality assurance for mechatronic systems.
