

THE FACULTY OF MECHANICAL ENGINEERING

COMPETENCES OF UPT GRADUATE IN:

Fundamental domain: Engineering Sciences

Master's degree study programme:

„ARTIFICIALLY INTELLIGENT ROBOTIC SYSTEMS”

(Master's study field: Mechatronics and robotics)

Nr. crt.	Competences
C1	Deepening knowledge of mathematics, CAD and dynamic electromechanical systems.
C2	Capabilities in construction, testing and programming of advanced robotic systems.
C3	Capabilities in the field of with application to robotic systems.
C4	Capabilities in the field of with application to robotic systems.
