### Studies:

As I am a third-year undergraduate student, on this Erasmus project I had to pass five exams. When I arrived professor Carmen, who was my

mentor and my second mother there, introduced me with all professors. We made a plan of study and they told me what I need to do in order to pass my exams. Professors were full of understanding, and they gave their best to teach me and make my Erasmus+ mobility and my studies there very productive.

With one of my Romanian friends I took part in two International student's symposiums, one at Oradea and one at Hunedoara.

Int the end I passed my exams with all tens.

### **Social life:**

This semester I will never forget, I had a great time. Romanian people are very kind and friendly. Also, the people from Erasmus mobility were great and I am really glad that I met all those people.

Special thanks to all people which were involved in my Erasmus mobility and made it possible!
